

Your child's friends and family

Friends and family are very important to your child and they may lose contact with the people they are closest to for a number of reasons outside of their control.

There can be many reasons for this including moving home, and people taking sides.

Fill your child's name in the centre and any friends and family that are important to them in the surrounding boxes.

If you have more than one child you can photocopy the diagram or use different coloured ink for each child.
